Veghel, 18 June 2018

Information message

On behalf of the European Tenpin Bowling Federation (ETBF), I hereby confirm that the Luxembourg athletes can participate on this year's ECC in Langen (Germany).

This confirmation counts for all international tournaments and championships because the Luxembourg bowling section is in a transitional phase to become independent and separate from the existing membership along with the 9-pin bowlers (FLQ). The initiative for this separation is also supported by the ETBF.

The following decision counts as long as the registration procedures on the Luxembourg Sport Ministry and NOC go on until the newly founded Federation is recognized under the name Luxembourg Bowling Federation (LBF).

With my best regards,

Addie Ophelders
ETBF-President
